Funny Goings-on at the field

Too windy to fly so what does our intrepid CFI do? Rips home for his sails! The aim was to teach Russell how to paraglide but it all came unstuck with Cal and Russell grabbed by the wind and thrown into a heap of arms and legs. Sadly, this untidy ending wasn't captured on film for posterity.

Batteries

Ray informs us that this company does good batteries and at a reasonable price.

Welcome

A warm welcome to our new recruits Rava and Peter S. Both trainee pilots are progressing well, ably assisted by our members and CFI Cal.

1400h CLOSE/CLEAN UP

Donations for Auction

Members are requested to donate any rc items, old planes taking up valuable space, for auction or alternatively place a reserve figure for their item for auction. (Club earns anything reached over the reserve.) Donations can be left at the Hangar or as per RAMS latest newsletter, picked up by our Secretary.

Tickets must be purchased prior to the lunch up until the deadline of 25th November, 2021 by bank transfer reference

member's name. See RAMS latest newsletter for details for how to order your boarding pass.

Lucky Sod

Can't name the RAMS Member who ambled into the newsagent to buy a lotto ticket for the first time for yonks and won \$10,000. Eat your heart out Chris W who is well known to invest quite heavily on the lotto.

No-Go

Once again on 15, 17 and 18th October, weather condition prevailed with the Council declaring that all fields were out of bounds. Time to clean up your garage and donate the space-taking items to our auction.

Digital Proof

After lengthy discussion at the field between flights it now appears that all members who have had the two vax have downloaded digital proof of the two vax via mygov and medicare. Might need this to get into Woolies soon!

Big Brother is Watching

Our ingenious genie Steve W produced this contraption from his 3D printer. Can climb mountains, take 360 degree pivotal photos and I don't know what else!

Fare Thee Well

Sorry to say that this is evidence of the dismal end to George's Super Cub. I have to add for the record that George had nothing to do with the above plane's demise as he had donated the plane to your miserable editor who repaired it for this first and only flight. RIP!

Stop Press

The Christmas Raffle to be drawn at the Christmas lunch on December 5th is going to be a whopping \$100 note to spend on your favourite restaurant, lotto tickets, 50 litres of fuel, whatever your heart desires. Tickets are going for \$2 each. Be in it!
